Mjølner Cocktail & Wine List

Outside these walls — built by the hands of Thor — the war between Loki and Asgard rages on.

Within Mjølner, you fall under the protection of the God of Thunder. We invite you to relax and partake in one of our signature cocktails.

This list is inspired by the legendary Viking Age, with flavours ranging from light & crisp, through aromatic & floral, to citrusy & fruity, and strong, boozy & herbaceous.

Select the Viking theme that best describes the libation you crave, and choose from our offering.

The Creation of Mjølner

Thor's hammer was forged by the brothers Sindri & Brokkr within the fires of Svartalfheim, deep beneath the earth.
