Mjølner Cocktail List

Outside these walls built by
Thor himself, the war between
Loki & The Avengers rages on.

We assure you that within Mjølner you fall
under the protection of the God of Thunder
and encourage you to relax & imbibe one of
our delicious signature cocktails.

We have fashioned a list inspired by the
legendary Viking age. Our flavours range
from Light & Crisp, through Aromatic &
Floral, to Citrusy, Fruity or Strong,
Boozy & Herbaceous.

Select the Viking theme that best describes
the libation you crave & choose from
our selection.

The Creation of Mjølner

Thor's hammer was created by the dwarven
brothers Sindri & Brokk within the forges
of Svartalfheim, the cavernous home of
the dwarves.
